YOUSEF EBADA

Web Developer

About Me

Hi, I'm Yousef Ebada, a Computer Science student and MERN-Stack Web Developer. Currently, I work as a React Front-end Developer at the Digital Egypt Pioneers Initiative (DEPI), creating dynamic, user-friendly web interfaces.

With expertise in the MERN stack and a strong foundation in front-end and back-end development, I'm passionate about building seamless web applications that solve real-world problems. My academic background and hands-on experience enable me to tackle challenges and deliver impactful solutions.

Let's connect and collaborate on innovative projects!
